

# CUMULATIVE INDEX VOLUME 6

## CONTENTS AND INDEX TO DRUG AND THERAPEUTICS BULLETIN

Vol. 6 Nos. 1 - 20 January 5 - September 27, 1968

<u>Title</u>	<u>page</u>	<u>issue No.</u>
The Labelling of Infusion Solutions	1	1
Dydrogesterone (Duphaston) for Dysmenorrhoea	2	1
The Versapen Story	4	1
Drugs for Pigmentary Disorders	5	2
Propranolol in Hyperthyroidism	7	2
Penicillin Allergy and Purified Penicillin (Purapen G)	9	3
Organisations that Help Patients and Their Families	11	3
Carbenoxolone for the Duodenum: Duogastrone Capsules	13	4
Softening Ear Wax: Some new preparations	15	4
Corticotrophin in Multiple Sclerosis and Retrobulbar Neuritis	17	5
Corticosteroid Eyedrops and Intra-ocular Pressure	18	5
Tetracyclines for Parenteral Administration	19	5
Pregnancy Tests	21	6
Treatment for Facial Palsy	25	7
Pentagastrin	26	7
Tolanase - a sulphonylurea antidiabetic agent	27	7
Alcoholism and its Treatment	29	8
Are Amphetamines any Use?	33	9
Tinaderm and Variotin - Two Topical Fungicides	35	9
Intal Compound for Asthma	37	10
Iprindole - A new Tricyclic Antidepressive	39	10
Treatment of Morning Sickness	41	11
Clopamide (Brinaldix) - Another Oral Diuretic	43	11
Individual Psychotherapy	45	12
Potassium Para-aminobenzoate (Potaba) in Scleroderma	47	12
Ibufenac (Dytransin) Withdrawn	48	12
Interactions between Antimicrobial Drugs	49	13
The Various Liquid Preparations of Penicillin-V	51	13
The Choice of an Oestrogen	53	14
Topical Cytotoxic Drugs for Skin Cancer	55	14
Colostomy Belts	57	15
Haloperidol and Trifluoperidol in Psychiatry	58	15
Distigmine (Ubretid)	60	15
Bed Sores	61	16
Tests of Labstix - a multi-test strip for urine	63	16
Corticotrophin Preparations	65	17
Indications for Circumcision	67	17
A Fresh Look at Frusemide and Ethacrynic Acid	69	18
Drugs for Schistosomiasis	70	18
Ethambutol	73	19
Group Psychotherapy	74	19
Topical Application of Cytotoxic Drugs: clarification	76	19
Carbenicillin (Pyopen)	77	20
Still more Corticosteroid Preparations for the Skin		
Synalar Forte, Fluoderm, Ultralanum Cream	79	20

Back numbers at 2/- per issue and binders 21/- are available to subscribers on request.

# CUMULATIVE INDEX VOLUME 6

## VOLUME 6, 1968

**INDEX** - Entries in CAPITALS are the names of diseases or conditions. Names with a Capital initial letter are proprietary names. Names with a lower-case initial letter are approved or other non-proprietary names.

Page numbers under names of diseases or conditions refer, unless otherwise indicated, to chemotherapy. A page number marked with an asterisk\* refers to a footnote.

Abstem: in alcoholism 31  
 acetohexamide: in diabetes 28  
 acetylsalicylic acid: in rheumatoid arthritis: correction 12  
 Achromycin, parenteral: indications 19 (correction 32)  
**ACTH.** See corticotrophin  
**ACTH - CMC** 65  
**Acthar** and **Acthar Gel** 65  
**Adcortyl-A Ointment:** in skin disorders 80  
 addicts, drug: organisations that help 11  
 adrenal function: test for 65  
**AGITATION.** See ANXIETY  
**Albusitix:** cost 64  
 alcohol solutions for intravenous infusion: labelling 1  
 'Alcoholics Anonymous' 32, 74  
**ALCOHOLISM** 29  
 psychotherapy 45  
**ALLERGIC DISORDERS** 37  
 ocular: topical corticosteroids in: effect on intra-ocular pressure 18  
**ALLERGY,** penicillin 9  
 almond oil: softening ear wax with 16  
**ALOPECIA** 6  
 Alopecin: and alopecia and baldness 6  
**Ambilhar:** in schistosomiasis 71  
**Amenorhoe Forte:** in pregnancy testing 24  
**AMENORRHOEA** 54  
 secondary: diagnosis 24  
 ametasole: gastric acid secretory response to 26  
 amino-acid solutions for intravenous infusion: labelling 1  
 p-aminobenzoic acid, potassium salt: in scleroderma 47  
 p-aminosalicylates: with other anti-tubercular drugs: in tuberculosis 73  
 amitriptyline: in depressive states 39  
 tablets: cost 40  
 amrinidin: combination with methoxsalen: in vitiligo 5  
 ammonoidin. See methoxsalen  
 amphetamine (see also dexamphetamine) indications 33  
 amphetamines: indications 33  
 amphetamine - barbiturate combinations: indications 34  
**AMPHETAMINE DEPENDENCE:** risks 33  
 ampicillin: depot form of 4  
 amylobarbitone: in alcoholism 31  
 anaesthetics: interactions with propranolol 8  
 analgesics  
 ibufenac: discontinued 48  
 analgesic - amphetamine combinations: in menstrual disorders: hazards 34  
 Ancolan: in morning sickness 41  
 Tablets: cost 42  
 Ancloxin: in morning sickness 41  
 Tablets: cost 43  
 androgen - oestrogen combinations: disadvantages 53  
 anorectic drugs (see also amphetamines) diethylpropion: risk of dependence 12 in obesity 34  
 Antabuse: in alcoholism 31  
 antacids: in peptic ulcer 14  
**Anthiomaline:** in schistosomiasis 70  
 antibacterial agents: interactions 49  
 antibiotics  
 carbencilllin 77  
 hetacilllin 4  
 in facial palsy 25  
 interactions 49  
 phenoxymethylenpicillin: liquid oral preparations 51  
 tetracyclines: indications for parenteral therapy 19  
 anticholinesterases  
 distigmine bromide 60  
 antidepressives  
 iprindole and imipramine 39  
 antidiabetic drugs, oral  
 tolazamide and other sulphonylureas 27  
 antifibrillatory agents  
 potassium p-aminobenzoate: in scleroderma and related conditions 47  
 antihistamines: in morning sickness 41  
 anti-inflammatory agents (see also corticosteroids, topical)  
 ibufenac: discontinued 48  
 antimicrobial agents: interactions 49  
 antimony compounds, organic: in schistosomiasis 70  
 antimony dimercaptosuccinate. See stibocapate  
 antimony lithium thiomalate: in schistosomiasis 70  
 antimony sodium tartrate: in schistosomiasis 70, 71  
 antithyroid drugs: interactions with propranolol 8  
 antitubercular drugs  
 ethambutol 73  
**ANXIETY** 59  
 psychotherapy 45  
 Apolamine Tablets and Apolamine-Plus Tablets: cost 43  
 appetite depressants. See anorectic drugs  
 arachis oil: softening ear wax with 16  
**ARRHYTHMIAS,** cardiac 8  
**ARTHRITIS,** rheumatoid 66  
 correction 12  
 Artosin: in diabetes 28  
 aspirin: in rheumatoid arthritis: correction 12  
**AST.** See antimony sodium tartrate  
**ASTHMA** 37  
 contra-indicated therapy in 8  
 bronchial 66  
 Astiban. See stibocapate  
**ATHLETE'S FOOT** 35  
 Avomine: in morning sickness 41  
 Tablets: cost 42  
**BACTERIAL INFECTIONS** 49  
 bacteriostatics: antagonism of antibiotics by 49, 50  
**BALDNESS** 6  
 barbiturates  
 in alcoholism 31, 32  
 combination with dexamphetamine, theophylline and other drugs: discontinued 12  
 barbiturate - amphetamine combinations: indications 34  
 beds, ripple and hovercraft 61  
**BED SORES:** prevention and treatment 61  
**BELL'S PALSY** 25  
 Benadryl: in morning sickness 42  
 Capsules: cost 42  
 bendrofluazide: in oedema 44  
 tablets: cost 44  
 benzoic acid compound ointment: in fungal infections 35  
 benzylpenicillin. See penicillin G  
 Berkoline. See imipramine  
 betamethasone: topical eye preparations: effect on intra-ocular pressure 18  
 betamethasone valerate: topical preparations: in skin disorders 80  
 cost 80  
 beta-receptor blocking drugs  
 propranolol: in hyperthyroidism 7  
 Betnovate: Lotion: cost 80  
 Ointment: in psoriasis and eczema 80  
 cost 80  
 birth control. See contraceptives  
 blood in urine: multi-test strips for 63  
 Brinaldix 43  
 Tablets: cost 44  
 Brinaldix K 44  
 bronchodilators  
 isoprenaline: combination with disodium cromoglycate: in asthma 37  
 Butler's solution 2  
 butyrophenones: in mental disorders 58  
 calcium carbimide, citrated: in alcoholism 31  
**CANCER** (see also CARCINOMA)  
 contra-indicated concurrent therapy in 55  
 skin: topical therapy and other treatments 55  
**CANDIDIASIS** 35  
 capreomycin: with ethambutol and isoniazid: in tuberculosis 73  
 carbachol injection: cost 60  
 carbencillin 77  
 carbinoxolone: in peptic ulcer 13  
 carbohydrate solutions for intravenous infusion: labelling 1  
**CARCINOMA** (see also CANCER)  
 prostatic 54  
**CARDIOMYOPATHY,** thyrotoxic: contra-indicated therapy in 8  
**CARDIOVASCULAR DISEASE:** contra-indicated concurrent therapy in 31  
 cephalosporins: interactions with other antibiotics 49, 50  
 cerumen: preparations for softening 15  
 Cerumenex: softening ear wax with 15  
 Cerumol: softening ear wax with 15  
 charts for recording symptoms 3\*  
 chloramphenicol: interactions with other antibiotics 49, 50

chlordiazepoxide: in alcoholism 31  
 chlormethiazole: in alcoholism 31  
 chlorothiazide: in oedema 44  
 chlorotrianisene 53  
 chlorphenesin: with clioquinol and flurometholone: topical preparation 79  
 chlorpromazine: in alcoholism 31, 32  
     interaction with methoxsalen 7  
 chlorpropamide: in diabetes 28  
 chlortetracycline: antagonism of benzylpenicillin by 50  
 cholinomimetics: in urinary retention 60  
**CHORIOCARCINOMA:** diagnosis 23  
 chorionic gonadotrophin, human: in pregnancy testing 21  
**CIRCUMCISION:** indications 67  
 citrated calcium carbimide: in alcoholism 31  
 climacteric. See menopause  
**Clinistix:** cost 64  
 clioquinol: with chlorphenesin and flurometholone: topical preparation 79  
 clopamid 43  
     tablets: cost 44  
 cocaine: limitation of prescribing 34  
 cocaine substitutes 33  
 colistin: in pseudomonas infections 78  
     synergism with sulphonamides 49  
 colistin sulphomethate: cost 78  
**Colomycin:** in pseudomonas infections 78  
 colostomy belts 57  
**Colostomy Welfare Group** 58  
**Compocillin** VK 52  
**Concordin.** See protriptyline  
 conjugated equine oestrogens: in menstrual irregularities 54  
 contraceptives, oral: in pregnancy testing 24  
**Cortico-Gel** 65  
 corticosteroids  
     in facial palsy 25  
     in multiple sclerosis and retrobulbar neuritis 17  
     systemic and topical: effect on intraocular pressure 18  
     topical 79  
     cost 80  
**corticopherin:** in facial palsy 25  
     in multiple sclerosis and retrobulbar neuritis 17  
     preparations: composition and use 65  
         synthetic 66  
**cortisone:** in facial palsy 25  
     topical eye preparations: effect on intraocular pressure 19  
**Cortrophin and Cortrophin ZN** 65  
**Cortrosyn Depot** 66  
 cromoglycic acid, disodium salt: combination with isoprenaline: in asthma 37  
**Crystapen V** 52  
 cyclizine: safety in early pregnancy 41  
 cyclopenthiazide tablets: cost 44  
 cycloserine: antagonism by bacteriostatics 50  
     with ethambutol and isoniazid: in tuberculosis 73  
 cytotoxic drugs: in skin cancer 55  
     (correction 76)  
  
**Darrow's solution** 2  
**Debendox:** in morning sickness 41  
     Tablets: cost 43  
 demeclocine: in skin cancer 55  
     (correction 76)  
**DEMENTIA.** See MENTAL DISORDERS  
 demethylchlortetracycline: interaction with methoxsalen 7  
 dependence, alcohol. See ALCOHOLISM  
**DEPRESSIVE STATES** 39  
     in geriatrics 34  
 dexamethasone: topical eye preparations: effect on intra-ocular pressure 18  
  
 dexamphetamine: indications 33  
     combination with phenobarbitone, theophylline and other drugs: discontinued 12  
**DIABETES** 27  
     contra-indicated therapy in 18, 25  
 Diabenes: in diabetes 28  
 diathermy, short-wave: in facial palsy 25  
 dicyclomine: combination with doxylamine and pyridoxine: in morning sickness 41  
     tablets: cost 43  
 dioestrol cream: in senile vaginitis 54  
 diethylpropion: risk of dependence 12  
 digitalis: with propranolol: in atrial fibrillation 8  
 diguanides, hypoglycaemic: with other hypoglycaemic drugs: in diabetes 28  
**Dimelor:** in diabetes 28  
 dimenhydrinate: in morning sickness 42  
     suppositories and tablets: cost 42  
 diocetyl-Medo: softening ear wax with 15  
 Diocetyl-Medo: softening ear wax with 15  
 dihydroxydihydramine: in morning sickness 42  
     capsules: cost 42  
 diphenhydramine theoclolate: in morning sickness 42  
     suppositories and tablets: cost 42  
 disodium cromoglycate: combination with isoprenaline: in asthma 37  
**Distaquaine V-R** 52  
 distigmine bromide 60  
     injection and tablets: cost 60  
 disulfiram: in alcoholism 31  
 diuretics, oral  
     clopamid 43  
     ethacrynic acid and frusemide 69  
         in oedema 44  
     thiazides: in hypertension and oedema 69  
         in oedema 44  
 doxylamine: combination with dicyclomine and pyridoxine: in morning sickness 41  
     tablets: cost 43  
**Dramamine:** in morning sickness 42  
     Tablets: cost 42  
 dressings, non-adherent 62  
 drug addicts: organisations that help 11  
 drug interactions  
     anaesthetics and antithyroid drugs with propranolol 8  
     antimicrobial drugs 49  
     carbenoxolone with spironolactone 13  
     chlorpromazine and demethylchlortetracycline with methoxsalen 7  
 drug resistance, bacterial: prevention 49, 50  
 'Drug and Therapeutics Bulletin': microfilm editions 12  
 Duogastrone Capsules: in peptic ulcer 13  
 Duphaston: in dysmenorrhoea 2  
     Tablets: cost 3  
**DUPUYTREN'S CONTRACTURE** 47  
 Duramine: in obesity 34  
 dydrogesterone: in dysmenorrhoea 2  
     tablets: cost 3  
**DYSMENORRHOEA**  
     contra-indicated therapy in 34  
     congestive and spasmodic 2  
 Dytransin: withdrawn 48  
  
 ears; wax in: preparations for softening 15  
 Econocil V-K 52  
**ECZEMA** 80  
 Edecrin. See ethacrynic acid  
 electrolyte therapy: labelling solutions and solids for 1  
 Enavid: in menstrual irregularities 54  
 ENDOCARDITIS, bacterial 49, 51  
**ENURESIS** 34  
  
**EPILEPSY:** contra-indicated concurrent therapy in 72  
**Equadiol** 53  
 erythromycin: interactions with other antibiotics 49, 50  
 ethacrynic acid 69  
     in oedema 44  
 ethambutol: in tuberculosis 73  
 ether: interaction with propranolol  
 ethynodiol diacetate: combination with oestrogen: in menstrual irregularities 54  
**eusol:** in bed sores 62  
 eye: intra-ocular pressure in: effect of topical and systemic corticosteroids on 18  
  
 fats (see also oils, vegetable)  
 emulsions for intravenous feeding:  
     labelling 1  
 fenfluramine: in obesity 34  
**Ferograd Folic Tablets** 12  
 ferrous sulphate: combination with folic acid: prophylactic use in pregnancy 12  
**FIBRILLATION,** atrial 8  
 flucinolone acetonide cream: in skin disorders 79  
     cost 80  
 flucortolone esters: topical preparations 80  
     cost 80  
**Fluoderm Cream and Ointment and Fluoderm Plain** 79  
     cost 80  
 fluorometholone: alone and in combination with chlorphenesin and clioquinol: topical preparations 79  
     cost 80  
 5-fluorouracil: in skin cancer 55  
     (correction 76)  
 folic acid: combination with iron: prophylactic use in pregnancy 12  
**FOLIC ACID DEFICIENCY** in pregnancy 12  
**FORESKIN,** tight 67  
 frusemide 69  
     in oedema 44  
**FUNGAL INFECTIONS:** of skin, hair and nails 35  
     systemic 79  
 fungicides, topical  
     pecilcin and tolnaftate 35  
 fusidic acid: interactions with other antibiotics 49, 50  
  
 'Gamblers Anonymous' 74  
 gastric function tests 26  
 gastric juice: collection technique 27  
 gentamicin: with carbenicillin: in pseudomonas infections 78  
     cost 78  
**GILLES DE LA TOURETTE'S SYNDROME** 59  
**GLAUCOMA:** concurrent corticosteroid therapy in 18  
 glucose in urine: multi-test strips for 63  
 glymidine: in diabetes 28  
 gonadotrophin, chorionic, human: in pregnancy testing 21  
 Gondafon: in diabetes 28  
**GRANULOMA ANNULARE** 79  
 Gravindex pregnancy test kit 22  
 Gravol: in morning sickness 42  
     Suppositories and Tablets: cost 42  
 griseofulvin: in fungal infections 35  
 guanethidine: in hyperthyroidism 8

haemagglutination tests for pregnancy 21  
 haematinics, oral  
     iron and folic acid 12  
 haloperidol: in mental disorders 58  
 HEART DISEASE: concurrent corticotrophin therapy in 18  
     contra-indicated concurrent therapy in 22  
 Hemacombistix: comparison with Labstix 63  
     cost 64  
 Hemeprin: in alcoholism 31  
 hetacillin 4  
 Histalog: gastric acid secretory response to 26  
 histamine: gastric acid secretory response to 26  
     in facial palsy 25  
 hormones. See oestrogens  
 HYDATIFORM MOLE: chorionic gonadotrophic excretion in 23  
 hydrochlorothiazide: in oedema 44  
     tablets: cost 44  
 hydrocortisone: topical eye preparations:  
     effect on intra-ocular pressure 19  
 hydrogen peroxide solution: in bed sores 62  
     softening ear wax with 15  
 hydroquinone: monobenzylic and monomethyl ethers: in hyperpigmentation 7  
 Hyland HCG pregnancy test kit 22  
 HYPERKINESIS 34, 59  
 HYPERPIGMENTATION, cutaneous, localised 7  
 HYPERSENSITIVITY to penicillin 9  
 HYPERTENSION 44, 69  
     contra-indicated therapy in 18, 25  
 HYPERTHYROIDISM: signs and symptoms:  
     suppression 7  
 hypoglycaemic drugs. See Antidiabetic drugs  
 HYPOPIGMENTATION, cutaneous 5  
 HYSTERIA: psychotherapy 45  
 ibufenac: discontinued 48  
 Icipen V 52  
 imipramine: in depressive states 39  
     tablets: cost 40  
 immunological tests for pregnancy 21  
 imperatorin: combination with methoxsalen: in vitiligo 5  
 Inderal. See propranolol  
 INDIGESTION: concurrent corticotrophin therapy in 18  
 INFLAMMATION, ocular: topical corticosteroids in: effect on intra-ocular pressure 18  
 infusion solutions: labelling 1  
 Intal Compound: in asthma 37  
 intra-ocular pressure: effect of topical and systemic corticosteroids on 18  
 iprindole: in depressive states 39  
     tablets: cost 40  
 iron salts: combinations with folic acid: prophylactic use in pregnancy 12  
 isoniazid: contra-indicated concurrent therapy with 72  
     with other antitubercular drugs: in tuberculosis 73  
 isoprenaline: combination with disodium cromoglycate: in asthma 37  
 kanamycin: synergism with penicillins and cephalosporins 49  
 ketones in urine: multi-test strips for 63  
 Ketostix: comparison with Labstix 64  
     cost 64  
 Kopolon: in senile vaginitis 54  
 labelling of infusion solutions 1  
 Labstix: cost 64  
     evaluation 63  
 LACTATION: suppression 54  
 Largactil. See chlorpromazine  
 Lasix. See frusemide  
 Leucodin: in hyperpigmentation 7  
 Librium: in alcoholism 31

LICHEN PLANUS, hypertrophic 79  
 lincomycin: antagonism by erythromycin 50  
 LIVER DISEASE: contra-indicated concurrent therapy in 55  
 lucanthone: in schistosomiasis 72  
 LUPUS ERYTHEMATOSUS, discoid, chronic 79  
 luteinising hormone: in pregnancy testing 21  
 lymecycline, parenteral: indications 19  
 LYMPHOCYTIC INFILTRATION, benign 79  
 lynoestrol: combination with oestrogen: in menstrual irregularities 54  
 lysine-methyltetracycline. See lymecycline  
 magenta paint: in fungal infections 35  
 maize oil: softening ear wax with 15  
 MANIA. See MENTAL DISORDERS  
 MAO inhibitors: contra-indicated concurrent therapy with 40  
 meclozine: alone and with pyridoxine: in morning sickness 41  
     tablets: cost 42  
 Meladinine: in vitiligo 5  
 Melolin X 62  
 MENINGITIS 77  
     pneumococcal 50  
 menopause: control of symptoms 53  
 Menopax and Menopax Forte 53  
 MENORRHAGIA 54  
 Menstrogen: in pregnancy testing 24  
 MENTAL DISORDERS 33, 45, 58  
     contra-indicated therapy in 18, 72  
 Mepilin 53  
 Mestranol: combination with progestagens:  
     control of menopausal symptoms with 54  
 methallenoestril 53  
 Methedrine: indications 33  
 methotrexate: in skin cancer 55 (correction 76)  
 methoxsalen: with other drugs: in pigmentary skin disorders and baldness 5  
     4-methoxyphenol (methyl-4-hydroxyphenol) in hyperpigmentation 7  
     8-methoxysoralen. See methoxsalen  
 methylamphetamine: indications 33  
 methylcellulose granules: in management of colostomy 57  
     methyl-4-hydroxyphenol. See 4-methoxyphenol  
 Microdon 62  
 microfilm editions of 'Drug and Therapeutics Bulletin' 12  
 Mixogen 53  
 monobenzene: in hyperpigmentation 7  
 MORNING SICKNESS 41  
 MORPHOEAI 47  
 Myambutol: in tuberculosis 73  
 MYASTHENIA GRAVIS 60  
 MYCOSIS FUNGOIDES 79  
 MYXEDEMA, pretibial 79  
 NA 62  
 nalidixic acid: antagonism by bacteriostatics 50  
 NARCOLEPSY 34  
 NECROSIS LIPOIDICA 79  
 neostigmine injection and tablets: cost 60  
 NEURITIS, retrobulbar: corticotrophin in 17  
 NEUROSES. See MENTAL DISORDERS  
 'Neurotics Nomine' 74  
 Nidoxal Tablets: cost 43  
 Nilodin: in schistosomiasis 72  
 niridazole: in schistosomiasis 71  
 nitrofurantoin: antagonism of nalidixic acid by 50  
 norethisterone: in dysmenorrhoea 3  
     tablets: cost 3  
     combination with oestrogen: in menstrual irregularities 54  
 norethisterone acetate: tablets: cost 3  
     combination with oestrogen: in menstrual irregularities 54  
 norethynodrel: combination with oestrogen: in menstrual irregularities 54  
 Norlutin-A. See norethisterone acetate  
 Norone: in pregnancy testing 24  
 nortestosterone derivatives - oestrogen combinations: in menstrual irregularities 54  
 OBESITY 33  
 OEDEMA 43, 69  
 oestradiol: and its derivatives: indications and contra-indications 53  
 oestriol: in senile vaginitis 54  
 oestrogens: in dysmenorrhoea 2  
     indications and contra-indications 53  
 oestrogen - androgen combinations:  
     disadvantages 53  
 oestrogen - progestagen combinations:  
     in dysmenorrhoea 2  
     in menstrual irregularities 54  
     in pregnancy testing 24  
 oestrogen - sedative combinations 53  
 oestrone suppositories: in senile vaginitis 54  
 oils  
     mineral: softening ear wax with 15  
     vegetable (see also fats): softening ear wax with 15, 16  
 olive oil: softening ear wax with 16  
 organisations that help patients and their families 11  
 osmolality of infusion solutions 1  
 OTITIS MEDIA 51  
 OVARIAN AGENESIS and DYSGENESIS 54  
 OVERWEIGHT 33  
 Ovestin: in senile vaginitis 54  
 oxytetracycline, parenteral: indications 19  
     (correction 32)  
 PABA: in scleroderma 47  
 PALSY, facial 25  
 pantothenate: combination with methoxsalen: and alopecia and baldness 6  
 para-aminobenzoic acid, potassium salt: in scleroderma 47  
 paraffin, liquid: softening ear wax with 15  
 paraldehyde: in epileptic fits of alcohol withdrawal 31  
 PARAPHRIMOSIS 67  
 Parentovite: in alcoholism 31  
 PARKINSONISM, inertia of 34  
 PARONYCHIA, chronic 36  
 Patients Association: leaflet on welfare organisations 11  
 pecilocin: in fungal infections 36  
 PEMPHIGUS ERYTHEMATOSUS 79  
 Penicals 333 and Penical Paediatric 52  
 penicillin G  
     allergic reactions to 9  
     interactions with other antibiotics 49, 50  
     phenoxymethylpenicillin: liquid oral preparations 51  
         tablets: cost 52  
         solutions: stability 11  
         synthetic  
     carbenicillin 77  
     hetacillin 4  
 penicillin G  
     interactions with other antibiotics 49, 50  
     purified: injection 10  
 penicillin V: liquid oral preparations 51  
     tablets: cost 52  
 pentagastrin 26  
 Pentovis: in senile vaginitis 54  
 Peptavlon 26  
 PEYRONIE'S DISEASE 47  
 pH of urine: multi-test strips for 63  
 Phenergan: in morning sickness 42  
     Tablets: cost 42  
 phenobarbitone: in epileptic fits of alcohol withdrawal 31  
 phenothiazines: in morning sickness 41  
 phenoxymethylpenicillin. See penicillin V

phenetermine: in obesity 34  
**PHIMOSIS** 67  
**PHOTOSENSITISATION:** induction by methoxsalen 6  
 podophyllin: in skin cancer 55  
 polymixins: with carbenicillin: in pseudomonas infections 78  
 polymyxin B: synergism with chloramphenicol 49  
**Ponderax:** in obesity 34  
**PORTAL SYSTEM VASCULAR SHUNT:** contra-indicated concurrent therapy in 72  
**Potaba:** in scleroderma 47  
 potassium para-aminobenzoate: in scleroderma 47  
 potassium supplements: in diuretic therapy 69  
 prednisolone (or prednisone): in multiple sclerosis 17  
     topical eye preparations: effect on intra-ocular pressure 19  
**PREGNANCY**  
     contra-indicated therapy during 25, 40  
     folic acid and iron deficiencies in 12  
     morning sickness in 41  
     ectopic: diagnosis 23  
     pregnancy tests 21  
*Pregnosticon and Pregnosticon Planotest*  
     pregnancy test kits 21, 22  
*Preglide pregnancy test kit 22*  
*Premarin:* in menstrual irregularities 54  
**PREMENSTRUAL SYNDROME** 3  
     contra-indicated therapy in 34  
*Prepuerin pregnancy test kit 22*  
*Primodos:* in pregnancy testing 24  
*Primogyn Depot* 53, 54  
     in prostatic cancer 54  
*Primolut N Tablets* 3  
*progestagens:* in dysmenorrhoea 2  
     with oestrogens: control of menopausal symptoms with 54  
*progesterone - oestrogen combinations:*  
     in dysmenorrhoea 2  
     in menstrual irregularities 54  
     in pregnancy testing 24  
*progesterone:* in dysmenorrhoea 3  
*promazine:* in alcoholism 31  
*promethazine:* in morning sickness 42  
     tablets: cost 42  
*promethazine thecate:* in morning sickness 41  
     tablets: cost 42  
*Prondol:* in depressive states 39  
     Tablets: cost 40  
*propantheline:* in peptic ulcer 14  
*propranolol:* alone and with digitalis:  
     in hyperthyroidism 7  
     interactions with anaesthetics and antithyroid drugs 8  
*protein in urine:* multi-test strip for 63  
*protriptyline* in depressive states 39  
     tablets: cost 40  
**PSEUDOMONAS INFECTIONS** 77  
*psoralens:* in vitiligo 5  
**PSORIASIS** 80  
     pustular 79  
**PSYCHIATRIC STATES.** See MENTAL DISORDERS  
**PSYCHOTIC STATES.** See MENTAL DISORDERS  
*psychotherapeutic training facilities* 47  
*psychotherapy*  
     group 74  
     individual 45  
**PUBERTY,** delayed 54  
*Purapen G* 10  
*Pyopen* 77  
*pyrazinamide:* with ethambutol and isoniazid:  
     in tuberculosis 73  
*pyridoxine:* alone and with other drugs: in morning sickness 41  
     tablets: cost 42, 43  
*pyrrololidinomethyltetracycline, parenteral:* indications 19  
*quinestadol:* in senile vaginitis 54

Rastinon: in diabetes 28  
 Reston 61  
**RINGWORM** 35  
 rolitetracycline, parenteral: indications 19  
 rubbing alcohol: and bed sores 61  
 Rybrol: discontinued 12

saline infusion: labelling 1  
 salt solutions for intravenous infusion:  
     labelling 1  
**SCARLET FEVER** 50  
**SCHISTOSOMIASIS** 70  
**SCHIZOPHRENIA.** See MENTAL DISORDERS  
**SCLERODERMA** 47  
**SCLEROSIS, multiple** 17  
     systemic 47  
*Secordyl:* in pregnancy testing 24  
*sedatives (see also tranquillisers)*  
     in morning sickness 41  
*sedative - oestrogen combinations* 53  
**SEPTICAEMIA** 51  
*Serenace:* in mental disorders 58  
**SKIN DISORDERS**  
     inflammatory 79  
     pigmentary: symptomatic treatment 5  
     scleroderma 47  
*sodium antimonygluconate:* in schistosomiasis 70  
*sodium chloride solutions for intravenous infusion:* labelling 1  
*sodium hypochlorite solution:* in bed sores 62  
*Sparine:* in alcoholism 51  
*Spinacaps and Spinhalers* 38  
*spironolactone:* antagonism of carbonoxolone by 13  
     with frusemide or ethacrynic acid 70  
*Stabilin V-K 52*  
*steroids, cortico-*. See corticosteroids  
*stibocapate:* in schistosomiasis 70  
*stibophen:* in schistosomiasis 70, 71  
*stilboestrol:* control of menopausal symptoms and suppression of lactation with 54  
     in prostatic carcinoma 54  
*streptomycin:* synergism with benzyl-penicillin and tetracycline 49  
     with other antitubercular drugs: in tuberculosis 73  
*sulphonamides:* synergism with colistin 49  
*sulphonylureas, hypoglycaemic 27*  
*sympathomimetic amines*  
     isoprenaline: combination with disodium cromoglycate: in asthma 37  
*symptom recording charts* 3\*

*Synacthen and Synacthen Depot* 66  
*Synalar Forte Cream:* in skin disorders 79  
     cost 80

*T.A.B. vaccine:* in facial palsy 25  
*TACE* 53  
*Tampovan:* in senile vaginitis 54  
*Tenuate.* See diethylpropion  
*teratogenicity of drugs used during pregnancy* 41  
*Terramycin, parenteral:* indications 19  
     (correction 32)  
*tetracosactrin* 66  
*tetracycline*  
     interactions with other antibiotics 49, 50  
     parenteral: indications 19 (correction 32)  
*tetracyclines*  
     interactions with other antibiotics 49, 50  
     parenteral: indications 19 (correction 32)  
*Tetracycin, parenteral:* indications 19  
     (correction 32)  
*Tetralysal, parenteral:* indications 19  
*Tetrex PMT Injection:* indications 19  
*theophylline:* combination with phenobarbitone, dexamphetamine and other drugs:  
     discontinued 12  
*thiazides:* in hypertension and oedema 69  
     in oedema 44  
     tablets: cost 44

**THROMBOEMBOLIC DISEASE:** contra-indicated concurrent therapy in 54  
**THYROTOXIC CRISIS** 8  
**TICS,** compulsive 59  
*Tinaderm:* in fungal infections 35  
     Cream and Powder: cost 36  
**TINEA** 35  
*Tofranil.* See imipramine  
*Tolanase* 27  
*tolazamide* 27  
*tolbutamide:* in diabetes 28  
*tolnaftate:* in fungal infections 35  
*tonics, amphetamine-containing:* hazards 33  
**TONSILLITIS, streptococcal** 51  
*tranquillisers (see also sedatives)*  
     in alcoholism 31, 32  
*triamicolone:* topical eye preparations:  
     effect on intra-ocular pressure 19  
     with methoxsalen: in vitiligo 6  
*triamicolone acetonide ointment:* in skin disorders 80  
*triamterene:* with ethacrynic acid or frusemide 70  
**TRICHOPHYTON INFECTIONS** 35  
*triethanolamine polypeptide oleate condensate:*  
     softening ear wax with 15  
*trifluoperazine:* safety in early pregnancy 41  
*trifluperidol:* in mental disorders 58  
*Triostam.* See sodium antimonygluconate  
*Triperidol:* in mental disorders 58  
**TUBERCULOSIS** 49, 50, 73  
     concurrent corticotrophin therapy in 18  
*turpentine oil:* combination with p-dichlorobenzene and benzocaine: softening ear wax with 15

*Ubretid* 60  
     Injection and Tablets: cost 60  
*UCG pregnancy test kit* 22  
**ULCERS, peptic** 13  
     rodent 55  
*Ultralamun Cream and Lotion* 80  
     cost 80  
*Ultralamun Plain:* in psoriasis 80  
     cost 80  
*ultraviolet radiation:* sources 6  
*undecylenic compound ointment:* in fungal infections 35  
**URINARY RETENTION** 60  
**URINARY TRACT INFECTIONS** 50  
*urine multi-test strips:* evaluation 63  
*Uristix:* cost 64

*V-Cil-K* 52  
**VAGINITIS, senile** 54  
*Vallestril* 53  
*vancomycin:* antagonism by bacteriostatics 50  
*Variotin:* in fungal infections 35  
     Ointment: cost 36  
*Versapen* 4  
*Vitamins B:* in alcoholism 31  
**VITILIGO:** symptomatic treatment 5

*wax, ear:* preparations for softening 15  
*Waxsol:* softening ear wax with 15  
*weight control* 33  
*welfare organisations that help patients and their families* 11  
*Whitfield's ointment:* in fungal infections 35

*Xerumenex:* softening ear wax with 15

*yeast, dried:* in alcoholism 31

*zinc and salicylic acid dusting-powder:*  
     in fungal infections 35  
*zinc sulphate lotion:* and bed sores 62  
*zinc undecenoate dusting-powder:* in fungal infections 35
